

Dear colleague,

The purpose of the "Practical Course Book" along Module I and Module II is to achieve further practical skills and theoretical knowledge in the field of laser dentistry. The practical work shall give you the certainty in treating the most common indications in laser dentistry in a safe way following the state of the art. Furthermore, participation at scientific events as well as publishing in scientific journals are part of the "Practical Course Book". The 80 hours curriculum includes all fields of laser dentistry and is divided in two parts:

a. Practical Work 45 hours (1 case = 1 hour)

- Endodontology	7 hours
- Periodontology	7 hours
- Cavity Preparation/Fissure Sealing	8 hours
- Hypersensitive Dental Necks	4 hours
- Pulp Capping	3 hours
- Surgery	8 hours
- Bleaching	8 hours

b. Scientific Education 35 hours

- Scientific article (as first or co-author)	15 hours
- Case report (as first author)	10 hours
- Attendance at scientific events:	
SOLA INTERNATIONAL Congress	15 hours
SOLA INTERNATIONAL Conference	10 hours
SOLA INTERNATIONAL Symposium	10 hours
Others	upon request

Please enclose confirmation of attendance and/or copy of manuscript respectively.

Should you encounter difficulties during your practical work or have further questions regarding the use of laser applications, please do not hesitate to contact the SOLA Laser Academy (office@sola-laser.com).

Please send your Practical Course Book by registered mail in hard copy directly to:
